1966
ANNUAL REPORT
OF
MUNICIPAL STATISTICS

PUBLISHED UNDER THE AUTHORITY OF

THE HONOURABLE J. A. NOLAN

MINISTER OF MUNICIPAL AFFAIRS AND HOUSING

DEPARTMENT OF MUNICIPAL AFFAIRS AND HOUSING

ST. JOHN'S, NEWFOUNDLAND

101-05225/

Honourable J. A. Nolan,

Minister of Municipal Affairs and Housing.

Sir,

I have the honour to submit the report on the finances of the municipalities of Newfoundland for the financial year 1st. January to 31st. December, 1966.

I have the honour to be, Sir,

Your obedient servant,

H. U. ROWE,

Deputy Minister of Municipal Affairs.

FOREWORD

The Annual Report of Municipal Statistics for 1966 shows continuing progress in the development of municipal services. Water and sewerage utilities are now operated in most of the larger urban centres and less elaborate water systems are provided in many rural municipalities. While electricity is primarily supplied by public or private power corporations, sixteen municipalities have their own diesel-powered distribution systems. The introduction of the Provincial-Municipal Street Paving Program has accelerated the reconstruction and paving of local roads.

As a consequence of the demand for new and improved services, municipal capital borrowings during 1966 increased by more than ten million dollars. However, the curtailment of municipal bond offerings resulting from unfavourable market conditions caused a sharp decline in debenture sales. In 1964 legislation was enacted providing for the establishment of a Newfoundland Municipal Financing Corporation, which is authorized, inter alia, to sell Government guaranteed debentures and to purchase municipal debentures with the proceeds. The creation of the Corporation, which was activated early in 1967, is expected to facilitate the financing of municipal capital works.

This Report gives tangible evidence of the growth of local government in the Province. Of a more intangible nature is the impetus provided by the mayors and councillors and other persons associated with the management of municipal affairs. On behalf of the Government of Newfoundland and Labrador and the Department of Municipal Affairs and Housing, I take this opportunity to express our appreciation for the valuable contribution they have made to the promotion and administration of local government in their respective communities.

JOHN A. NOLAN

Minister of Municipal Affairs and Housing

TABLE OF CONTENTS

Introduction	1

Accounts of the City of St. John's Memorial Stadium Commission	55

INTRODUCTION

MUNICIPAL GROWTH

During 1966 nineteen new municipalities were established within the Province, thus increasing the total number of incorporated areas to 151. More than 294,000 people, or approximately 60 per cent of the total population of Newfoundland, now reside in communities having some form of local government. In comparison with the previous year, revenue from local sources amounting to $11,999,780 increased by $627,605, and Provincial Government grants, which were $2,891,000 in 1965, rose to $3,523,866. Grants received from the Government of Canada in 1966 totalled $211,829, not including grants in lieu of taxes, which are embodied in revenue derived from the Real Property Tax. Municipal expenditures in the amount of $15,926,918 showed an increase of $1,866,785 over those for 1965, and capital expenditures out of revenue were up by $162,818. The total value of fixed assets reached $74,766,199 at the end of 1966, an increase of $13,675,470 from the preceding year. Works in progress during 1966 valued at $12,201,994 consisted primarily of water and sewer and road construction, and the erection of municipal buildings.

Debenture Debt

The total unmatured debenture debt at December 31st, 1966, was $25,833,220, and debentures were retired in the amount of $914,557. No debentures were sold in 1966 with the exception of the following issues for the City of St. John's:—

Municipality	Date of Issue	Term in Years	Date of Maturity	Amount of Issue	Coupon Interest Rate	Price paid in Relation to par
City of St. John's	Feb. 15, 1966	20	Feb. 15, 1986	$2,000,000	6%	$97.00
City of St. John's	Sept. 1, 1966	20	Sept. 1, 1986	$2,000,000	6½%	$90.17

Revenue and Expenditure

Gross Municipal Revenues for 1966, including federal and provincial grants totalled $15,735,475. Total expenditures for the period were $15,926,919. Revenue from local sources amounted to $11,999,780, of which $9,924,583 was derived from taxation.

Provincial Government Grants

The Government of Newfoundland paid $3,523,866 in grants to the municipalities in 1966, including $20,000 in statutory grants to the City of St. John's, and $400,000 in annual operating grants to the City of Corner Brook. Also embodied in the total provincial grant is an amount of $450,546 paid under the provisions of the Provincial-Municipal Street Paving Program. Grants paid to municipalties outside of the Cities of St. John's and Corner Brook are classified as follows:

Revenue Grants

These are paid to all Councils incorporated under The Local Government Act and The Community Councils Act on the following basis:

(i) $2.00 for $1.00 on collections up to $1,000.

(ii) $1.00 for $1.00 on collections from $1,000 up to $5,000.

(iii) $0.90 for $1.00 on collections from $5,001 up to $15,000.

(iv) $0.70 for $1.00 on collections from $15,001 up to $25,000.

(v) $0.50 for $1.00 on collections from $25,000 and upwards to a maximum payment of $75,000.

Initial Grants

The purpose of these grants is to enable new municipalities to set up office and inaugurate essential services prior to receipt of taxes for the first financial year.

Per Capita Grants for Roads

As the title indicates these grants are determined in accordance with the number of persons living in the area served and are paid to Local Road Boards and municipalities established under the Local Government Act and The Community Councils Act. The present rates are as follows:—

(1) in all Local Road Board and Community Council areas having highroad connections annual grants to be computed on the basis of $400.00 per mile plus $1.00 per capita of population:

(2) in respect of Town Councils, Rural District Councils and Local Improvement Districts a grant of $2.50 per capita of population to be made, and

(3) in all Local Road Board and Community Council areas without highroad connection annual grants to be awarded on the basis of $3.00 per capita of population.

Emergency Assistance Grants

These grants are made in exceptional cases, where, in the opinion of the Minister of Municipal Affairs and Housing, an urgent need exists.

Conclusion

While tax collections as a percentage of the current levy are comparable to those of the previous year, there is a general need for improvement in the tax arrears position. If ordinary municipal services are to be maintained at the present level, local councils must be prepared to place greater emphasis on this important aspect of municipal administration.
